

Bullying and Harassment for Medical Educational Leads & Supervisors

A fully interactive, new, free half-day workshop to share experiences and consider how we might prevent, respond to and support learners/supervisors affected by Bullying & Harassment in our workplaces.

We aim to enable participants to reflect on their current challenges and consider solutions/practical steps for their teams.

The nature of the work and cases discussed will be anonymised, confidential and safe.

Course numbers are limited to 25.

Mode of delivery: Interactive, face to face, central London. There will be opportunities for networking and establishing connections with peers.
